

CONFIRMED

**REGULATIONS OF INTERNATIONAL CONFERENCE FOR STUDENTS AND TEACHERS
„MODERN DISCOVERIES AND TECHNOLOGIES IN THE CLASS 2023“**

**I SECTION
GENERAL REGULATIONS**

1. The regulations of the international conference for students and teachers „Modern discoveries and technologies in the class 2023“ (further – Regulations) regulate the goals, objectives, organizational procedures and implementation of the conference, also competencies, which will be improved by the participants of the conference.
2. The international conference „Modern discoveries and technologies in the class 2023“ is intended for teachers and students.

**II SECTION
GOAL**

3. To improve the natural science, linguistic and general competencies of students and teachers, to present students' works related to the researched activity.

**III SECTION
OBJECTIVES**

4. To reveal the attractiveness of science education.
5. To promote mutual cooperation and dissemination of experience among students, teachers and professors of universities.
6. To develop practical skills by presenting natural science observations, experiments and research.
7. To encourage getting to know nature.
8. To develop skills of the research activity.

**IV SECTION
EXPECTED RESULTS**

9. The participants of the conference will share good experience, acquire natural science knowledge and strengthen their abilities.

**V SECTION
PARTICIPANTS**

10. The conference participants are students and teachers of secondary schools (gymnasiums/ high schools) of grades 9 – 12 from Lithuania and other countries as well as invited guests:
 - 10.1. 1-3 students and 1-2 teachers can participate from one school. Those who wish to participate register by clicking on the link from February 13, 2023 until February 23, 2023.
 - 10.2. teachers register in Semi+ system at www.semiplus.lt. Registration for teachers is possible from February 23, 2023 to March 3, 2023.

VI SECTION CONFERENCE ORGANISERS

13. Marijampolė Sūduva Gymnasium

14. The conference's organizing partners are Marijampolė Meilė Lukšienė Education Center.

VIII SECTION PRESENTATION OF WORK

15. The report can be oral or in a poster form.

16. The reports may be presented in the form of slideshow and/or video footage. It is recommended to use Times New Roman font for the text. The names and surnames of the authors and their supervisors, the school, are written in the chosen size (it is important that it is clearly visible), and the title of the topic is in capital letters, bold font. The selected background of the presentations should be single-colour, without additional drawings that are not related to the research work, so as not to distract the attention of the audience.

17. Reports are read in Lithuanian and English.

IX SECTION PRESENTATIONS' REQUIREMENTS

18. Time limit for a student's presentation: 5-7 minutes.

19. The compliance of the research with the topic, goal and objective of the work, the relevance, significance, and importance of the work should be emphasized in the presentations. The results of the work are introduced, the conclusions of the work are presented, student's insights about the progress made in the development of subject and general competences are revealed (what was improved, what he learned, etc. while performing this work).

21. Students' reports must meet (or exceed) the regulations of the General Curriculum.

X SECTION ORGANIZATION OF THE CONFERENCE

22. Students present their work (natural science observations, experiments, research, etc.).

23. Teachers and high school teachers share their experiences.

24. The conference „Modern discoveries and technologies in the class 2023“ will take place on March 8, 2023 at 9.30 at Marijampolė Sūduva gymnasium R. Juknevičius st. 32, LT – 68208, Marijampolė, mobile telephone 8 652 89 364, rastine@suduva.marijampole.lm.lt

25. Organizational committee of the conference „Modern discoveries and technologies in the class 2023“:
